email: mailto:ecms2007@scs-europe.net

For many years, the European Conference on Modelling and Simulation has proven to be an outstanding forum for researchers involved in building innovative modelling and simulation systems and tools on both the research and the industrial front. ECMS features an outstanding technical program ranging from introductory tutorials and software reviews to state-of-the-art research and practice. **ECMS 2007** will be held in Prague, the wonderful Capital of the Czech Republic. The conference aims at bringing together and is sharing modelling and simulation technologies and skills among researchers and practitioners from both, old and young EU members, Western and Central-Eastern European countries, as well as from outside Europe. The conference will include exhibitions, business meetings for professional societies and associations, international research projects, software user groups, and a social program. Special tracks on traditional and new simulation topics will be organised. The ASMTA 'Analytical and Stochastic Modelling Techniques and Applications' 2007 conference will be held in conjunction with ECMS 2007.
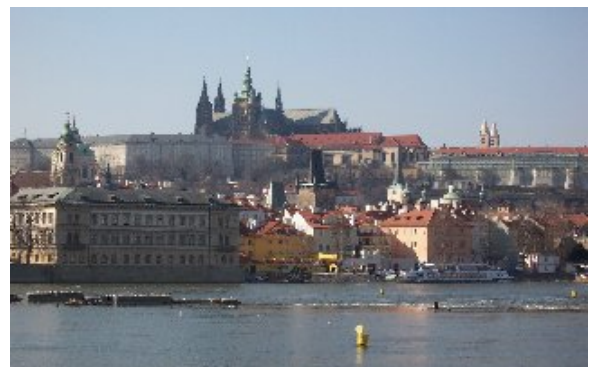

The conference will include the following tracks:

- Simulation of Intelligent Systems
- Simulation of Complex Systems
- Vision and Visualization
- Simulation in Industry, Business and Services
- Agent-Based Simulation
- Simulation Applications in Industry
- Simulation, Experimental Science and Engineering
- Computer Games and Simulation
- Chaos modelling, control and signal transmission
- Discrete Event Modelling and Simulation in Production, Logistics and Transport
- Simulation and Modelling in Molecullar Biology
- Modelling and Simulation Methodologies
- Modelling, Simulation and Control of Technolocial Processes
- Discrete Event Modelling and Simulation in Production, Logistics and Transport
- Student Session

and includes The High Performance Computing & Simulation Conference **HPCS'07**

In conjunction with
The **14th** International Conference on Analytical and
Stochastic Modelling Techniques and
Applications (**ASMTA 2007**)

The conference Location
The conference will be held in the Prague Congress Centre, which is easily reached by public transportation very well (*for detailed information about public transportation see the relevant ECMS Web pages*). Prague is a very beautiful capital in the heart of Europe, which offers a wealth of opportunities for sightseeing and cultural life. Social events will include a historical knight show or dinner on the river Vltava. Please visit
http://www.scs-europe.net/conf/ecms2007
for detailed information.

Deadlines

Paper submission	February 13, 2007
Notification of acceptance	March 20, 2007
Camera-ready copies	April 17, 2007
Conference	June 4-6, 2007

For paper submissions please check the webpage http://www.scs-europe.net/
Please email any question you might have, to: ecms2007@scs-europe.net

Fees

The fees include *proceedings (also on CD), lunches, coffee breaks and conference dinner.*

Registration & members of SCS & affiliated organisations e.g. IEEE	€ 375
Student participants with paper	€ 275
Other Participants	€ 425
Proceedings only, bought at the conference site	€ 50

ECMS 2007 General Conference Chair

Ivan Zelinka
Faculty of Applied Informatics
Tomas Bata University in Zlin
Nad Stranemi 4511
762 72 Zlin, Czech Republic
