

22nd European Conference on Modelling and Simulation

Nicosia, Cyprus, 3-6 June, 2008

ECMS

<http://www.scs-europe.net/conf/ecms2008>

For many years, the European Conference on Modelling and Simulation has proven to be an outstanding forum for researchers involved in building innovative modelling and simulation systems and tools on both the research and the industrial front. ECMS features an outstanding technical program ranging from introductory tutorials and software reviews to state-of-the-art research and practice. **ECMS 2008** will be held in Nicosia, Cyprus. The conference aims at bringing together and is sharing modelling and simulation technologies and skills among researchers and practitioners from both, old and young EU members, Western and Central-Eastern European countries, as well as from outside Europe. The conference will include exhibitions, business meetings for professional societies and associations, international research projects, software user groups, and a social program. Special tracks on traditional and new simulation topics will be organised. The ASMTA 'Analytical and Stochastic Modelling Techniques and Applications' 2008 & the HPCS 'High Performance Computing and Simulation' 2008 conferences will be held in conjunction with ECMS 2008.

Location

The conference will be held at the new campus of UCY, the University of Cyprus, about 3km from the centre of Nicosia, the capital of Cyprus.

Nicosia and Cyprus in general offers lots of social and cultural attractions: such as museums, archaeological sites, boat trips, hiking trails and many, many more. For more information you can visit <http://www.cyprustourism.org/>

Deadlines for ECMS

Paper submission	February 19, 2008
Notification of acceptance	March 20, 2008
Camera-ready copies	April 17, 2008
Conference	June 3-6, 2008

The conference will include the following tracks:

- Simulation of Intelligent Systems (*Lars Nolle*)
- Simulation of Complex Systems (*Krzysztof Amborski*)
- Vision and Visualization (*Gerald Schaefer*)
- Simulation in Industry, Business and Services (*Alessandra Orsoni*)
- Agent-Based Simulation (*Eugène Kerckhoffs*)
- Simulation Applications in Industry (*Agostino Bruzzone*)
- Simulation, Experimental Science and Engineering (*Jan Amborski*)
- Bond Graph Modelling and Simulation (*Loucas S. Louca*)
- Discrete Event Modelling and Simulation in Production, Logistics and Transport (*Gaby Neumann*)
- Modelling and Simulation Methodologies (*Claudia Frydman*)
- Finance and Economics (*Javier Otamendi*)
- Modelling, Simulation and Control of Technological Processes (*Petr Dostál*)
- VR / AR in Modelling and Simulation (*Angelos Amditis*)
- Student Track (*Zuzana Oplatková*)

and is held in conjunction with

HPCS 2008 The High Performance Computing & Simulation Conference

[Waleed S. Smari](#)

&

ASMTA 2008 The 15th International Conference on Analytical and Stochastic Modelling Techniques and Applications

[Khalid Al-Begain](#)

For paper submissions please check the webpage <http://www.scs-europe.net/conf/ecms2008>
Please email any question you might have, to: ecms2008@scs-europe.net

Fees

The fees include proceedings (also on CD), lunches, coffee breaks and conference dinner.

Registration & members of SCS & affiliated organisations e.g. IEEE	€ 375
Student participants with paper	€ 275
Other Participants	€ 425

ECMS 2008 General Conference Chair

Loucas S. Louca
Department of Mechanical and Manufacturing Engineering
